

Stabilizing Mali through U.S. Business Investment

Project Title	Stabilizing Mali through U.S. Business Investment
Project Summary	Fostering economic growth in Mali will bring peace, stability and security to a country in transition. We need you to be part of that change by connecting interested U.S. firms with business opportunities in Mali.
Country	Mali
Agency	Department of State
DoS Office	N/A
Post	BAMAKO
Section	ECON
Number of Interns	1

Project Description

We are looking for research information and analysis on U.S. firms and franchises that have a track record of successful business exchanges in Africa, francophone countries, and/or post-conflict economies and whose targeted investments can help stabilize Mali. Mali has had over 5% economic growth for the past three years and holds promising opportunities in the renewable energy, livestock and agricultural transformation, mining, infrastructure, as well as service sectors.
